

2023 SOTC Fall Breakfast

Shell Oiltimers members and guests got together over breakfast on November 7th at the Kerby Centre in downtown Calgary. There were 58 people in attendance including members and guests. We mixed and mingled, catching up with friends and colleagues and enjoyed a breakfast buffet put out by the fine staff and volunteers at the Kerby Centre. After breakfast we had the pleasure of hearing from guest speakers from Shell, Stastia West - VP Integrated Gas, Colin Wickenheiser - Front End Manager Shales Canada, and Stefan vos de Wael - Commercial GM Canada Integrated Gas. They gave us updates on the LNG business and joint venture project in Canada and the ties to Shell's Groundbirch asset in northeast BC and they answered the questions that followed from our members and guests. Thanks to all who attended, our guest speakers from Shell and to the Kerby Centre staff and volunteers!
